

## **BR511-EN Commvault® Advanced Configuration - CommCell Console**

### **Kurzbeschreibung:**

Continue to enhance your learning experience with Commvault Advanced Configuration for CommCell Console.

Partnered with the 3-day Commvault® Professional course, this 2-day course delves into advanced configurations, such as:

- How to deploy Commvault® environment components.
- How to configure advanced options relating to:
  - ◆ Storage
  - ◆ Deduplication
  - ◆ Storage policies
  - ◆ Advanced media management

This course is conducted in English. The course and presentation materials are in English.

This course can be usefully booked in combination with the three-day course **BR510-EN Commvault® Professional**, which usually takes place in the same week immediately before.

### **Zielgruppe:**

The workshop **BR511-EN Commvault® Advanced Configuration - CommCell Console** is intended for personnel responsible for day-to-day administration and management of Commvault® software.

### **Voraussetzungen:**

In order to be able to follow the pace and content of the **BR511 Commvault® Advanced Configuration - CommCell Console** workshop, basic knowledge of the Windows 20xx operating systems is helpful.

We recommend attending the Commvault training **BR510-EN Commvault® Professional** beforehand.

### **Sonstiges:**

**Dauer:** 2 Tage

**Preis:** 1440 Euro plus Mwst.

### **Ziele:**

The course **BR511-EN Commvault® Advanced Configuration - CommCell Console** is geared towards users who administer their Commvault environment using the CommCell® console. However, those who use the Commvault Command Center™ will learn how to apply advanced options available in the CommCell® Console.

In addition to the theoretical introduction to the Commvault software, the course will look at specific examples and applications on the Smartboard and in discussion with the participants. Of course, the course content is supplemented with practical exercises in the available lab environment.
